TOEFL 114

EXPERIENCE

SEP 2017 – MAR 2020

Yahya Kemal College

Mathematics Tutor

Taught students in middle school and high school non-standard mathematics used in competitions. Held classes twice a week during the school year for students that are a part of Yahya Kemal College's Math Olympiad team and raised awareness for mathematics among younger students.

DEC 2019

Humanitarian Mathematical Olympiad

Co-Head Organizer

Organized a math competition for charity, with problems on a similar level to the MMO (Macedonian Mathematical Olympiad) The collected money from participation fees was donated to the "Gjorgji Sugarev" middle school in Bitola, which has a class for children with disabilities.
